

There is a total road closure on the B6357 Newcastleton to Saughtree Road end.

With this in place there will be no access to Kielder Campsite from Longtown along the B6357 Newcastleton to the Saughtree road which approaches the campsite.

A small blue section, illustrated in the key, shows where the road is closed.

[Link to map showing road closure.](#)

For visitors using the A74/M74/M6/Carlisle via Longtown from either Scotland or England this will effect you.

There is a detour following the A7 to Hawick, connecting via the A6088 to the B6357 to Saughtree, approaching from the North.

Or you can check another suggested route following the A69, B6320 and the C200 to Kielder campsite, link below.

[Suggested A69 detour link to Google maps.](#)

We strongly advise referring to a map prior to departure, irrespective of the route selected. Not all navigational devices can work in the areas approaching the site. Many visitors falter with no signal or out of date information.

DO NOT BE TEMPTED TO USE THE FOREST DRIVE UNLESS YOU HAVE A 4X4 VEHICLE OR ARE HAPPY TO RISK THE ROUGH TERRAIN.

Set your sat nav to ignore routes with a Toll Road, the Forest Drive is a Toll Road.
